# Heavy Duty Pails

E. Hofmann Plastics Inc. manufactures a range of Heavy Duty pails that combine versatility and expertise. These pails are ideal for the industrial, do-it-yourself, and food sectors with features such as tear tabs, tamper evident seals, various handle designs, and short runs. Most Heavy-Duty pails are offered with Tamper Evident lids to ensure your product is well protected and sustained. For industrial uses, we offer a wide range of sizes – from 8L to 23L – with gasket, vented, and spout lids available for your needs. We offer In Mould Labeling (IML) to custom print and label your pails to ensure your brand is noticed and represented.
