Food Safe Portion Cups

E Hofmann Plastics' range of portion cups are suitable for juices, dips, sauces, salad dressings, coffee, and a number of other applications. Made of polypropylene, these portion cups are available with an additional Barrier/EVOH layer for an extended shelf life, as well as suitable for hot-fill, retort, in-package pasteurization, aseptic, ambient, and cold fill applications.

We carry a variety of stock sizes that are ready to ship. Our state of the art technology allows us to consistently produce a range of high quality products to fit all needs and applications. Contact us today for samples and additional information!
